

Common Questions

What does Smart do?

Smart Tuition receives, processes and deposits your payments into your school's bank account. Our secure website and 24/7 parent help center are available to families that have questions about their tuition payment plans.

Will you share my information with other companies?

NO. Your privacy is important to us. We do not disclose any personal information about our families to anyone, except as required by law. Smart Tuition has adopted numerous procedures to protect the confidentiality of school and family information. We adhere to the Payment Card Industries Standard for storing family information.

Why would I provide you with my bank account number or credit card information?

Many parents who are pressed for time prefer our error-proof system of automatic deductions. Smart Tuition informs you of the amount that we will deduct from your account through an email notification 10 days prior to your due date. This is the fastest, safest, and most convenient payment option.

SMART TUITION

Financial Solutions for Schools and Parents™

Smart Tuition Welcomes You!

Affordable Education

Rising school operating costs are often passed onto the parents in the form of higher tuition. Smart Tuition helps to minimize these increases by relieving schools of internal costs that are involved with tuition collection.

The Smart Tuition program helps support and secure the financial stability of your child's school. This enables total focus on what counts the most, your child's education.

Smart Tuition manages the tuition payment program for your school and follows the policies established by your school. Tuition amounts, tuition aid, scholarships and other tuition related decisions are made by your school.

Payment Options

Monthly Invoices

This option provides you the flexibility of mailing in your payment, making a phone - in payment, or paying online at www.parents.smarttuition.com.

Automatic Deduction

Have your payment automatically deducted from your bank account or credit card.

Automatic deduction is convenient and reliable. Monthly payments are made automatically, and you never need to worry about reminders, postage, lost checks or mail delays.

Convenience: Once your account is set up, we do the rest. If you are using a bank account, you only need to maintain enough funds in your account to meet the amount of your monthly tuition payments. If you are using a credit card, be sure to keep your information up to date.

Security: Strict rules, enforced by the National Automated Clearing House Association, assure confidentiality of your account information. Your personal information is protected at all times.

Reliability: You can rest assured that your monthly payment is made on the exact due date each month. You never have to remember to make a payment on time - it's already done for you.

A Smart Start!

Complete an enrollment form provided by your school, sign it, and return it to your school as soon as possible.

Be sure to provide your e-mail address as Smart Tuition regularly communicates important information about your account by e-mail.

Once your account is set up you will be provided a Username and Password. You can access your tuition account at: www.parents.smarttuition.com where you will be able to make payments, view balances due, and find answers to commonly asked questions.

Our parent help center is available to assist you with any questions you may have regarding your Smart Tuition account, 24 hours a day, 7 days a week at (888) 868-8828.
